# TEMASEK POLYTECHNIC'S RECCE TRIP

---

## OVERVIEW

**Date:** 3-6 April 2023

**Duration:** 4 days

---

**Location:** Ho Chi Minh, Vietnam

**Agenda:** Vietnam University Visits, Vietnam Corporate Visits, Student Accommodation Visits

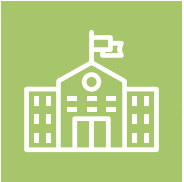

In pursuit of their vision to empower students with lifelong skills and digital knowledge necessary for success in an ever-evolving future, Temasek Polytechnic has selected Vietnam as one of the destinations available for students to choose from in the Overseas Student Internship Programme (OSIP).

In light of this, Temasek Polytechnic undertook a Recce Trip arranged by JDI's Global Ready Talent team, enabling them to gain valuable insights into Vietnamese market trends and establish potential collaborations with local educational institutions and industries. By doing so, Temasek Polytechnic aims to create an optimal development environment for their students during their internships abroad.

# VIETNAM UNIVERSITY VISITS

<https://hcmut.edu.vn/>

Our visit to the Ho Chi Minh City University of Technology (HCMUT) proved to be a highly successful and enriching experience. It allowed us to engage with the students of the Faculty of Computer Science and Engineering, where promising tech talents are cultivated and educated.

Following the warm sharing from the university's representatives about their teaching methodologies and research endeavors, there was also a meaningful discussion between our respective institutions, exploring potential collaboration avenues for student projects and laying the groundwork for expanding our academic network in the foreseeable future.

<https://www.hoasen.edu.vn/>

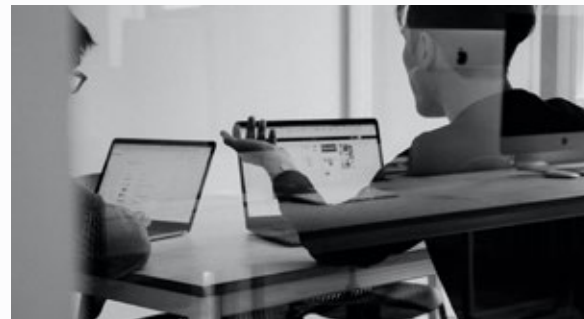

The visit to the Thanh Thai and Nguyen Van Trang campuses of Hoa Sen University was an exceptionally enlightening and inspiring experience. It provided us with a comprehensive overview of the institute's diverse range of programs and impactful research projects.

A notable highlight of our visit was the panel discussion, where esteemed professors from both universities shared their scholarly expertise and offered valuable insights. Thus, enabling a mutual understanding of our respective areas of focus and highlighting potential opportunities for collaboration between our institutions.

# VIETNAM CORPORATE VISITS

<https://jdi.group/>

The corporate visit to Vietnamese companies commenced at the JDI Group office, where we were warmly received by Ms. Anna Phan, Program Lead of Global Ready Talent. She kindly provided an introduction to JDI Group's co-working spaces in Vietnam, offering the teachers from Temasek Polytechnic the firsthand experience of Vietnamese working culture and environment.

During the office tour, we had the opportunity to gain valuable insights about JDI Group's missions and visions across various business departments, fostering a deeper understanding and collaboration between us.

<https://hopee.com.vn/>

During our visit to Hopee, we had the opportunity to embark on a company tour, guided by their representative, Ms. Hoai Chi, Senior Human Resources Generalist. She led us through their working facilities and shared insightful details about the company's establishment history and remarkable milestones as one of Vietnam's leading IT consulting and engineering firms.

Furthermore, a meaningful panel discussion took place between Temasek Polytechnic and Hopee to explore potential collaboration opportunities through the overseas internship program, fostering a deeper understanding of each other's objectives.

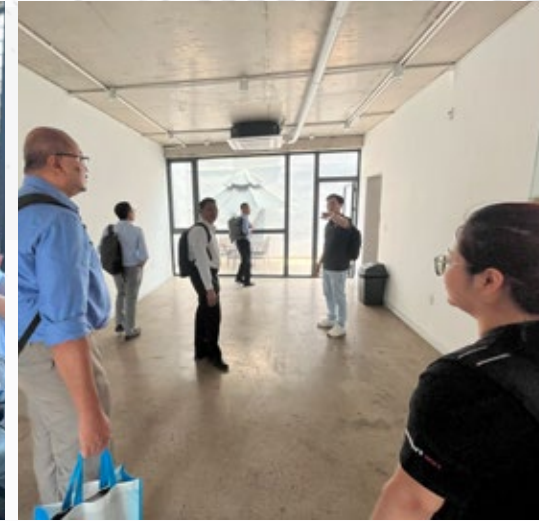

# m3ta

<https://m3talab.io/en>

During the programme, we were fortunate to have the opportunity to meet Mr. Daniel Nguyen, CEO of M3TA. He graciously shared insights with us about their cutting-edge data analytics-driven platform and how it plays a pivotal role in nurturing and optimizing value creation for citizens of the Metaverse.

Additionally, we were given a working space tour to their state-of-the-art facilities in which M3TA operates.

<https://www.namiq.ai/>

As part of the Recce Trip, we had the privilege of joining Temasek Polytechnic's teachers on a visit to NamiQ, an AI-Powered Metaverse startup that specializes in immersive simulation solutions for the education and manufacturing industries.

We were taken on an office tour and had the chance to experience their innovative products, guided by Mr. Hung, the CEO of NamiQ. The opportunity to interact with Mr. Hung and his team, coupled with the firsthand experience of their products, broadened our perspectives on the possibilities offered by the Metaverse in the education and manufacturing sectors.

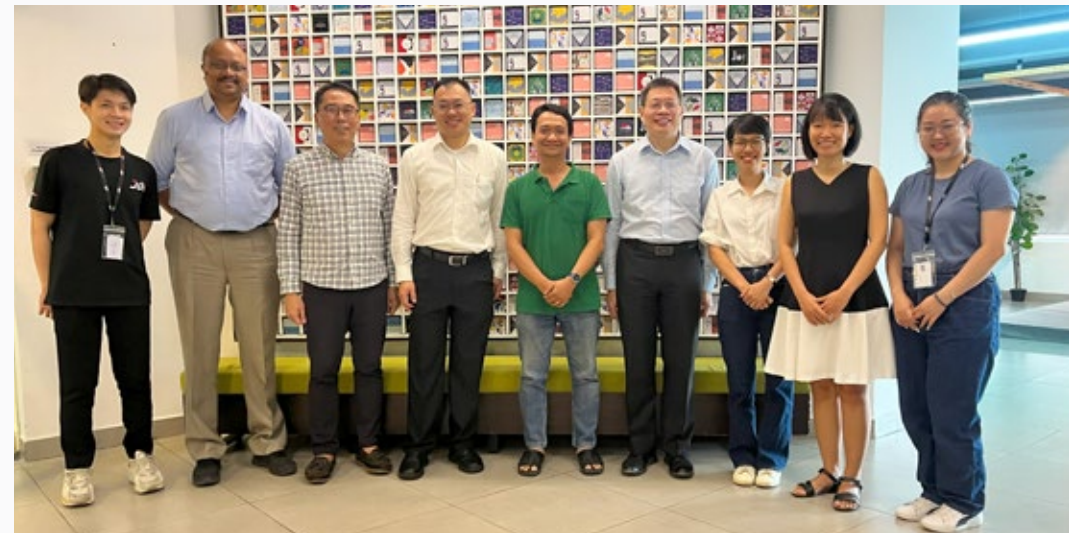

# FOSSIL GROUP

<https://www.fossilgroup.com/>

During our visit to Fossil Group Vietnam, we had the pleasure of meeting Ms. Hien Tran, the Talent Acquisition Senior Associate. Her expertise and insights shed light on the company's innovative approach to wearables and their commitment to pushing the boundaries of fashion and technology.

After the introduction, we were taken on a company tour, providing us with a firsthand experience of observing their work processes in action and the collaborative efforts behind their products.

<https://8verse.games/>

On the following day of our visit to Vietnam, we had the opportunity to explore the working space of 8VERSE and gain valuable insights into their vision and mission. Mr. Cao, the CEO of the company, shared with us his thoughts and goals.

One of the key highlights of the visit was an in-depth conversation focused on Temasek Polytechnic's overseas internship program, further exploring strategies to ensure exceptional experiences for university students during their future exchange internships.

# GeoComply<sup>®</sup>

<https://www.geocomply.com/>

On the final day of the program, we visited GeoComply Vietnam, where we had a good chance to meet Ms. Happy Nguyen, the General Director of the company, and take a tour of their facilities and workspaces.

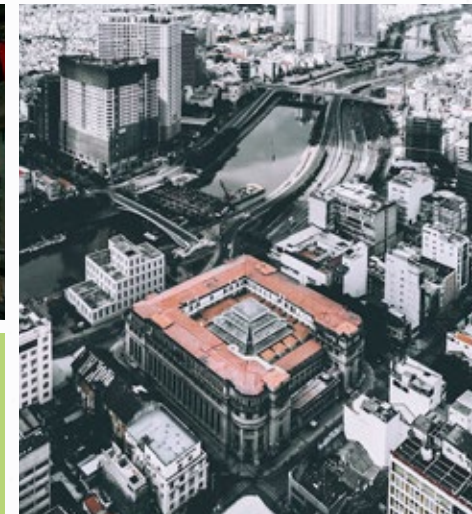

After the initial greetings and introduction session, we engaged in meaningful discussions to exchange ideas and gain valuable knowledge from one another. These conversations sparked excitement and opened up possibilities for collaboration, particularly in internships and student projects between GeoComply and Temasek Polytechnic.

# STUDENT ACCOMMODATION VISITS

## CITY HOUSE & AMORY APARTMENT

In order to reassure the teachers from Temasek Polytechnic about the quality of accommodations for their students during their overseas internship in Vietnam, JDI's Global Ready Talent team accompanied them on visits to City House Apartment and Amory Apartment.

Following the visits, the teachers expressed their utmost satisfaction with the modern facilities and comfortable living spaces. The positive experiences further affirmed their confidence in the accommodations provided for Singaporean students.

# TEMASEK POLYTECHNIC'S RECCE TRIP

## SUCCESS

With the insights gained from this trip, Temasek Polytechnic has developed a strong understanding of the Vietnamese market. This enabled them to explore potential collaboration opportunities and assess the feasibility of upcoming projects with Vietnamese partners.

Building on their positive experience, the school also decided to collaborate with JDI's Global Ready Talent to facilitate an overseas internship programme in Vietnam for their students.

## TESTIMONIAL

“ We sincerely appreciate the warm hospitality extended to us during our visit to Ho Chi Minh City from Global Ready Talent and your esteemed partners. We believe that our joint efforts in securing these internship opportunities will have a transformative impact on our students, deepening their understanding and ability to work with Vietnamese neighbors. We certainly look forward to collaborating with you to facilitate overseas internship opportunities for our students in the near future.

**Dr. Eng Pin Kwang**

**Director, School of Informatics & IT**

# ABOUT US

Global Ready Talent, a division of Talent JDI, serves as a dedicated platform for fostering collaborations between Singaporean schools and Vietnamese corporations and institutions. Our primary goal is to facilitate internship opportunities and cultural exchanges.

With a steadfast vision to nurture and develop talents, Global Ready Talent is committed to creating programs that provide students with genuine overseas work experiences in a professional environment, aiming to broaden their perspectives and expand their career options.
