## Internship at Host Companies

### Warm Greetings

For 57 NTU students, their first days at leading Vietnam's companies offered a rare window into local working culture—professional yet warm, structured yet filled with genuine laughter.

## Internship at Host Companies

# Company Projects

With host companies in different industries, students gained unique opportunities to learn and grow. During the internship, they didn't just observe how businesses operate—they became part of the action.

Moving beyond classroom theory, they stepped into real roles, took on meaningful responsibilities, and contributed directly to ongoing projects alongside industry teams.

## Internship at Host Companies

## Company Projects

Supported by experienced mentors and immersed in local work cultures, students tackled everyday workplace challenges—from problem-solving and collaboration to understanding how things actually get done.

Together, these hands-on experiences sharpened their practical skills and fostered a stronger professional mindset for navigating and growing in real business contexts.

## CULTURAL & PROFESSIONAL EXCHANGE

## Cultural & Professional Exchange

### City Tours

Guided through the city's history, stories, and everyday rhythms, NTU students experienced the sights, sounds, and energy that define life in both southern and northern Vietnam.

The experience concluded with shared reflections, leaving them with a deeper appreciation and memorable moments of local discovery.

## Cultural & Professional Exchange

# Community Service

Beyond the workplace, students also took part in meaningful outdoor activities guided by GRT team, creating opportunities to connect with local communities and nature.

Through shared effort, laughter, and learning during activities such as charity cooking and outdoor hikes, students grew closer to one another while deepening their understanding of resilience, connection, and the value of giving back.

**Cultural & Professional Exchange**

## Hang Out Together

Students immersed themselves in local culture and everyday social life alongside Vietnamese colleagues, as well as NUS students who were interning in Vietnam during the same period.

## Cultural & Professional Exchange

# Hang Out Together

Through conversations, shared meals, and cultural exchanges, students built strong cross-cultural understanding, meaningful friendships, and lasting memories that will stay with them long after their time in Vietnam.

## Cultural & Professional Exchange

# Travel Around Vietnam

From misty highlands to coastal escapes, students made the most of their time in Vietnam by exploring destinations such as Da Lat, Tay Ninh, Ha Long Bay, etc.

They took in stunning landscapes, local culture, and the vibrant energy of each place—turning weekend trips into memories they'll carry for years.

## Cultural & Professional Exchange

# Farewell Parties

Filled with laughter, shared stories, and a few bittersweet goodbyes, the farewell parties brought everyone together to reflect on the experiences, friendships, and growth that defined the internship journey in Vietnam.

# INTERNSHIP PROGRAM REFLECTIONS

## Internship Program Reflections

# Hear From Our Students

**Loo Jing Kai**

Economics at Nanyang Technological University

"The internship provided strong mentoring and offered very valuable experience as an introduction to the venture capital world, which is something that is hard to access in Singapore. Furthermore, I learned a lot during my time here."

**Kiran Sudheer**

Electrical Engineering at Nanyang Technological University

"JDI internship program is guided and structured. JDI personnel were contactable and promptly clarified doubts and resolved issues faced during the onboarding process."

**Lim Yu Sheng**

Business Student at Nanyang Technological University

"My boss is very kind. He always guides me in my work and teaches me his way of working and how to be a better person."

**Tan Ri Hao**

Data Science at Nanyang Technological University

"I initially heard that Vietnam had a rich cultural experience, so I thought it was mainly defined by heritage sites. Afterwards, I learned that its culture includes many everyday elements, such as the food, cafés, local lifestyle and accents, and the mountains."

**Chay Yi Xuan**

Computer Science at Nanyang Technological University

"I think the support provided here was really great, and everyone was really approachable and friendly. When help was needed, they would respond very quickly as well."

**Thavamani Pinita**

Electrical and Electronics Engineering at Nanyang Technological University

"I think JDI has been a very reliable team. I really enjoyed getting supported by them. They were always available to offer their help & were very patient with everything. Everything promised was delivered, and I had a very pleasant experience."

## Internship Program Reflections

# Hear From Our Students

**Keong Qiliang**

Economics at Nanyang Technological University

"Learning how to pitch projects and ideas. It was different from what I was taught in School but the experience taught me the importance of being adaptable, quick, & to quickly get back up after failing."

**Lim Yi**

Computer Engineering at Nanyang Technological University

"I gained practical exposure to how projects are managed in a fast-paced setting, from task planning to execution & review, which helped me better understand workplace professionalism and accountability."

**Alan Yip Boon Tiong**

Computer Science at Nanyang Technological University

"Among all the GRT programs I applied for, Loan has been the most attentive and responsive. Her professionalism clearly reflects her strong competence and dedication to her work, and I am truly grateful to have her as my agent."

**Shanmathi Boopathy**

Electrical and Electronics Engineering at Nanyang Technological University

"The support from JDI was great, especially the pre-arrival planning. From the moment we received the offer, the entire planning process was very helpful. Since we were busy with our finals, the guidance and coordination provided really helped us a lot and made the transition much smoother. It was definitely a smooth and beneficial process with very clear communication that I appreciated."

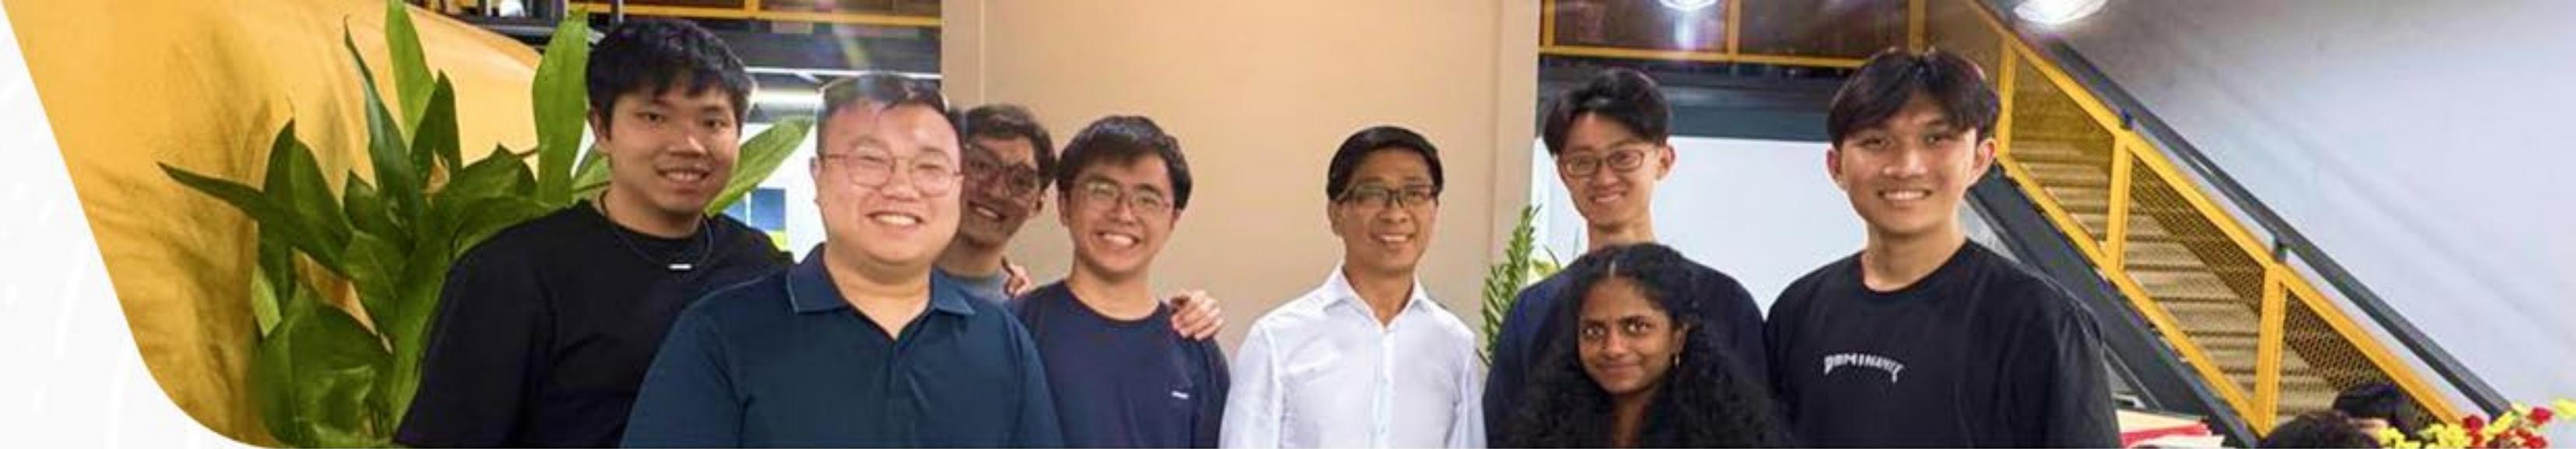

**Stephen Manickam**

Mechanical Engineering at Nanyang Technological University

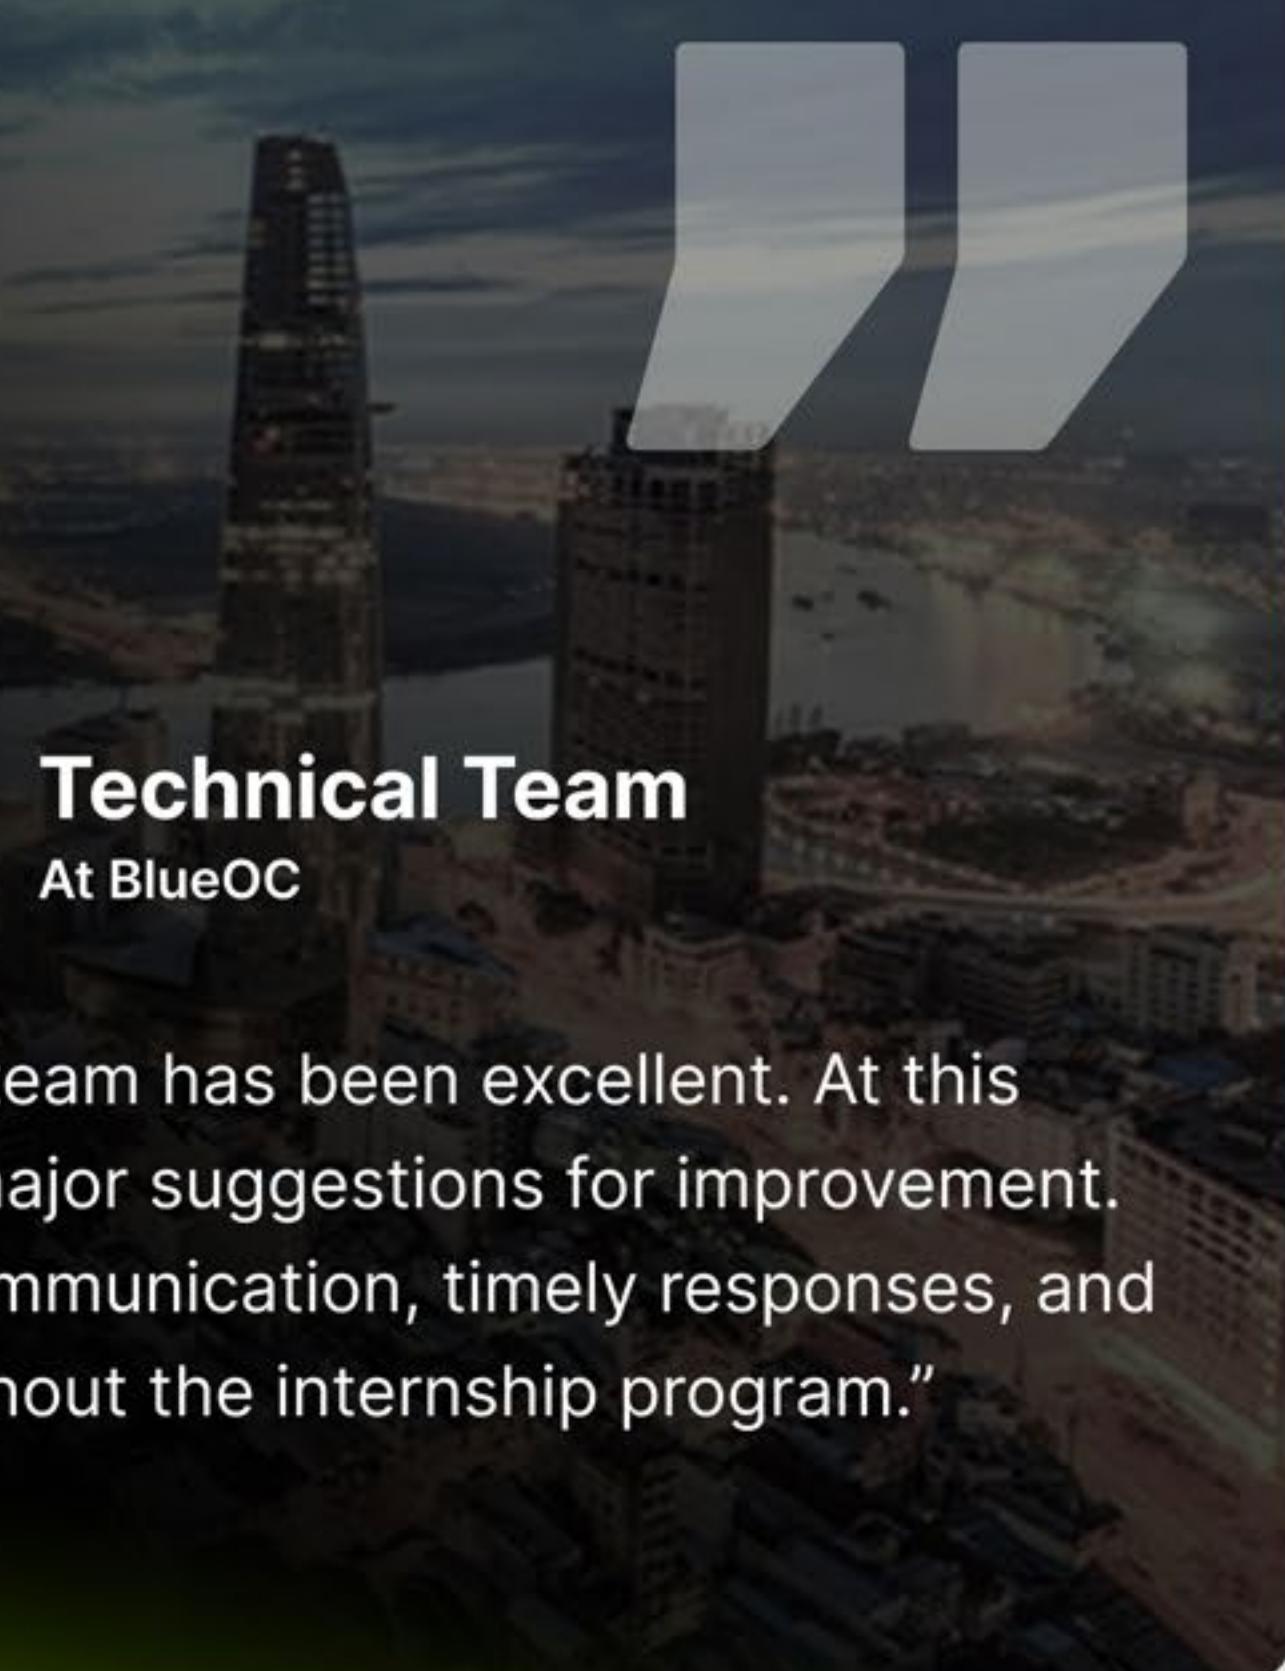

"Beyond technical expertise, this internship allowed me to develop valuable transferable skills, such as the ability to learn new skills quickly, adaptability, and cultural awareness. These experiences have been extremely meaningful and will continue to shape how I approach future challenges."
